Seam line

Safe area

Please check the following before submitting:

All company details (phone/fax)
Correct colours are used
Correct size banner is used
Positioning of artwork
Quantities
Spelling

Please note that because of the way we see light, colours printed with ink on paper look different to colours displayed on a computer screen. It is therefore essential that the correct corporate colours be specified by the client before printing. Providing pantone colours ensures the colours are printed as close as possible to your corporate colours.
